

Down (feat. Kanye West)

Chris Brown

I wanna get down, down, down, down, down, down, down,
Get down!
We can get down! Mr. West is in the building,
Children, ladies
Call the shrink up, they about to go crazy.
Hold ya drinks up like u was celebratin
Hold ya guns if they is hella hatin
I'm so clean and them, they got rabbies
I can see it through my lense of my ray b
As way fierce, um hum.
Ye, do u play fair?
Uhn uhn!
Grab ya remote for the reason they made TiVo
Snap the Nikon at the icon with Nikes on
I heard you do it with the lights on
But I really make babies when the mikes on
Check out all my kids
That bought all my cribs
Got me out that apartament
You have got to pardon him
I am so retarded with the spit like a retarded kid that spits
Oops I aint mean to say that
I told my homie Chris
"These chicks is dangerous
You need a girl thats A-list
not one that just barley made it on a list"
Cause from Wall to Wall we got it Poppin' right now
There's a hundred girls tryin get down, down, down
