

Move On Me

Fantasia

[chorus:]

move on my baby come and get this love
said you need it and you want, gotta have it baby
i been thinking lately, waited long enough
said you need it and you want, gotta have it
baby babyy babyyy babayyyy![verse 1:]
aint you tired waiting
3, 4 months we been dating
i just want your love, i just want it
how about a lil fun, lets enjoy recreations
wanna feel your touch, wanna feel it
i been trying to play it cool, now its time to lose my guard
baby give it up, baby do it
so tonights theres no more rules
have me anyway you want
babyyy, babayyyyyy!

[chorus:]

move on my baby come and get this love
said you need it and you want, gotta have it baby
i been thinking lately, waited long enough
said you need it and you want, gotta have it
baby babyy babyyy babayyyy![verse 2:]
been anticipating, aint no sense in delaying
come in where its warm, baby come in
throw in a sultry song, its a special occasion
play it all night long, baby play it
im [?], your full grown

baby making love, baby making
lay in bed, looking fine
make me wanting you some more
baby babayyy!

move on my baby come and get this love
said you need it and you want, gotta have it baby
i been thinking lately, waited long enough
said you need it and you want, gotta have it
baby babyy babyyy babayyyy![verse 3:]
see the clock on the wall, about time you give me a call
cause i knw what your needingg
