

# Teenage Fantasy

Jorja Smith

You weren't the boy I thought I knew  
Maybe I was blind, I was young  
I didn't have a clue  
You were the topic of my lunchtime  
I'd bore the girls about our chats  
And get upset when you didn't text back I was warned by my brothers  
To find another lover  
Stop falling for these boys who didn't want the same as me  
I was warned by my brothers  
To find another lover  
Stop falling for these boys who didn't want the same as me  
We all want a teenage fantasy  
Want it when we can't have it  
When we got it we don't seem to want it  
We all want a teenage fantasy  
Want it when we can't have it  
When we got it we don't seem to want it I've got a lot of things to do  
What if I had been a fool and thought I was in love with you  
I need to grow and find my self  
Before I let somebody love me  
Cus at the moment I don't know me I was told my my father  
If I look into the future  
Do I really see this boy  
That I think I've fallen for  
I was told by my mother  
If I look into the future  
Do I really see this boy  
That I think I've fallen for  
We all want a teenage fantasy  
Want it when we can't have it  
When we got it we don't seem to want it  
We all want a teenage fantasy  
Want it when we can't have it  
When we got it we don't seem to want it When we are young  
We all want someone  
Who we think is the one  
Just to fit in  
There's no need to rush  
Take your time  
Life's a big old ride  
Sit back and enjoy the vibe When we are young  
We all want someone

Who we think is the one  
Just to fit in  
There's no need to rush  
Take your time  
Life's a big old ride  
Sit back and enjoy the vibe We all want a teenage fantasy  
Want it when we can't have it  
When we got it we don't seem to want it  
We all want a teenage fantasy  
Want it when we can't have it  
When we got it we don't seem to want it
