

Warp Asylum

White Zombie

Been down yeah!
Well I look down and my mind blows away
Deep in the darkness "illuminate"
Beyond a million miles
Something slid up to my head
Circling around my eye, eye, eyes And I said
Smooth operator says
Get up, get up, and outta here
Smooth operator says, yeah! Lights, band the traffic
Thunder two blocks west of the rest
Tore away the bottom and saw life is a test
Beyond 1, 000, 000 miles
Well I ricocheted through my head
One hand kill the other's cra-a-crazy
What she said
Smooth operator says
Get up! get up! and outta here
Smooth operator says: yeah! Sail into night, ghost ship a-tripping
Struck by the plunge something to see
Yeah, bootleg the girl
She is a looker
Pure is the fear that breaks away
Straight to the sun I am a walkin' state of the art
All that I see (yeah)
New gods move whippin' the shore
And dash on the reef - surf city...
I walk alone and stare, man
Right in the sun
Tear-jerk asylum and cemetery run
Well, how'd I ever get this far man?
Smooth curves switchback the sweat
Underneath the body, baby
Where what you see is
What you see and what you get
