

Sweet Insomnia (feat. 6LACK)

Gallant

Two shivers for a cold introduction
That mix of every mental condition you want
Pull focus to a greater dependence On a psychotic crash
Girl, you deserve that You wish I was sleeping
And I wish I was satisfied, but Sweet insomnia
You make it hard for me to sleep by myself, myself
Sweet insomnia
You make it hard for me to know myself
Ooh, ooh, ooh, ooh, ooh
(Yeah, what's happenin'? Aye) Okay, I ain't tryna sleep by myself no more
Baby, I was waiting on you at the front door
I can't get a nice rest when I'm feeling low
And now I'm feeling lightweight
It ain't hard to tell, what the hell, babe?
Wish I was sleepin', I wish I was satisfied
Middle of the night, I'm tryna analyze (Energize)
Even at night, my love on ice
I've been up, I'm stayin' up, I know the price, I'll show you right Sweet insomnia
You make it hard for me to sleep by myself, myself
Sweet insomnia
You make it hard for me to know myself
Mm, hmm, yeah (Hey)
How you doin'?
How you doin', baby?
How you've been? What's up?
What's happening, baby girl?
Ooh, ooh yeah (Hey)
You make it hard for me to know myself
Hey, yeah
