

Divinity

Amorphis

 Last day brings the grace
 For bearers of forbidden name
 Step into five-fold mace
As son as father in a frameSomeday fire wipes the rain
 Fears are frozen tears
 Whisper things that no one hears
 Cry now, cry now for me again
 Tomorrow's pride and pain
 Why you kneel before my name
 Crushing my belief
 And make shape to my relief
 For who you said your prayers
 I can't hear them anyway
