When we will be as one

When the feeling comes

And nobody knows

How we really feel

They don't know the deal

(Get right back)

And send our word to the mutha

(Get back)

Right back where we started from

(Get right back)

And send our word to the muthaTimes are getting kinda hard on the boulevard

Brothers and sisters

Being slaved and scarred

Girlies in the hall

Fightin' the brawls

A pusher man for losing the loot(Get to know the John, son

Now he will shoot)

He poured a drink

Cause he figured he could be a bigger nigga

In the projects you'll sell

Oh, yeahIt's poison

Don't be cruel

It's my prerogative

To do what I gotta do

Have a little sensitivity

Do me, baby

I wanna get rubbed the right way

So what you gotta sayOh, no

She's a candy girl

Living in a half-crazy world

That's the way I'm living, girl

Now every little step I take

Is another NE heartbreak

Button pushers

And beef shakers)Crackhead's having babies

Future's hazy

I don't know

Shit's crazy(All I could do is turn the heat up

To feed

I'll argue

Revenge

And put the meat up and up)Shockers looking for a kill First blood's gotta spill

Light 'em up with a Mack 10 And that's facing(Check the scene with the green

Pepper weapon
