

The Other Side of Me

Hannah Montana

The other side
The other side
The other side of me By day, I play
The party in every way
Of simple sweet, calm and collected Pretend, to my friends
I'm a chameleon
Can make a girl feel disconnected Feel like a star
A super hero
Sometimes it's hard to separate
(Got too much on my plate)
If could see
The other side of me
I'm just like anybody else, can't you tell
I hold the key (the key)
To both realities
The girl that I want you to know
If only I could show
The other side, the other side
I want you to see (oh, oh)
The other side, the other side
The other side of me Inside, I try
To make the pieces fit right
A jigsaw puzzle everywhere
'Cause I flip (flip) the script (script)
So many times I forget
Who's on stage, who's in the mirror
Back in the spotlight
The crowd is calling
The paparazzi and the fame
(It can drive a girl insane) If could see
The other side of me
I'm just like anybody else, can't you tell
I hold the key
To both realities
The girl that I want you to know
If only I could show
The other side, the other side
I want you to see
The other side, the other side
The other side of me Down inside I'm not that different
Like everyone I have a dream (I have a dream)
Don't wanna hide just wanna fit in

Sometimes it's harder than it seems If you could see
The other side of me
I'm just like anybody else, can't you tell
I hold the key
To both realities
The girl that I want you to know If you could see (come on)
The other side of me
I'm just like anybody else, can't you tell
I hold the key (the key)
To both realities
The girl that I want you to know
If only I could show (yeah) The other side, the other side
I want you to see (yeah!)
The other side, the other side
The other side of me The other side, the other side
I want you to see (oh, oh)
The other side, the other side of me
