

Moonlight Lovers (feat. Tree Vaifale)

Sammy Johnson

Every night
She calls on me
And she sings A sweet soft melody
If you listen carefully
You'll hear her beckoning to me
And I don't know where she comes from
But under, the moonlight she's so
Beautiful as can be
I think I'm falling for her Moonlight lovers you and I
She waits for me every night
Moonlight lovers you and I
Until the sun, the sun goes down again
We move emotion with the waves
Gone with the sun each and everyday
Moonlight lovers you and I
Until the sun, the sun goes down again
Until the sun
Until the sun
Until the sun
The sun goes down again The stars are bright
In the sky
I can see
Deep in your eyes
You told me that you love me so
I wish I didn't have to go
Cos I belong to the sea boy
Tonight you belong to me
Beautiful as can be I
Think I'm falling for you
Moonlight lovers you and I
She waits for me every night
Moonlight lovers you and I
Until the sun, the sun goes down again
We move emotion with the waves
Gone with the sun each and everyday
Moonlight lovers you and I
Until the sun, the sun goes down again Until the sun
Until the sun
Until the sun
The sun goes down again
