Circles

Digitalism

Hello to the good times
When did you leave me behind
I didn't have enough time
For this stuff, on my mindNow when you're trying to rewind
You're caught up in a never-ending circle
we play it again
And again and again
Just give me more
Just the same, just the same
We play it again
Caught up in a never-ending circle
Play it again
You're friends with the madness
Gotta give it some more loving
Cause you can hear what the answers
You won't let it beginNow when you're trying to rewind
You're caught up in a never-ending circle
We play it again
And again and again
Just give me more
Just the same, just the same
We play it again
Caught up in a never-ending circle
Play it again
I play it againI play it again
I play it again and again and again
We play it again
Again and again
I just play it again and again
I play it again and again
I play it again and againI play it again and again
I play it again and again
And again and again
And again and again
And again and again
And again and again
And again and again
And again and again
And again and again
And again and again
And again and again
And again and again

And again and again
I play it again and again
And again and again
And again
