

This Is What It Feels Like

Banks

I hang on everything that you say
You know I can see all the things that imply,
You secretly are in love
And finally when I let myself fall hard for you
I see you trying to pretend, like I'm making it up
This is what it feels like
This is what it feels like Bring it down, bring it on
Bring it now, bring it up
This is what it feels like now
It's gettin' old
Bring it down, bring it on
Remember the first time that we met
You said that you couldn't sleep cause of me,
told me I caught you off guard
And then when you saw I felt the same, you pulled away
Started acting like bein' with me was too hard
This is what it feels like
This is what it feels like Bring it down, bring it on
Bring it now, bring it up
This is what it feels like now
It's gettin' old
Bring it down, bring it on
Bring it down, bring it on
Bring it now, bring it up
This is what it feels like now
It's gettin' old
Bring it down, bring it on
