

Made to Worship (feat. Kirk Franklin)

John P. Kee & New Life

John P Kee come on, (Let's do it!)
Yo clap your hands
I apologize to science
No disrespect to fetters, (Kirk Franklin Yawl)
But I was created to worship, (Listen, New Life)I was made to worship you, come on!
Give you glory (In the country Yawl)
And praise you too (that sounds so good)
With my hands up, that's what I'll do
I was made to worship you, (Listen)
God my father, He who abides
He who covers, He who resides (Lord have mercy)
Life and Favor release her fruits (I hear you John)
As we worship, that's what I do,
New Life (come on, come on, come on, come on)I was made to worship you
Give you glory and praise you too
With my hands up, that's what I'll do
I was made to worship you(In my pain), in my pain and in my trials
I'm no longer in denial
I confess that I'm going through
Better days are coming soon - to worship youI was made to worship you
Give you glory and praise you too
With my hands up, (see these hand, they were created to be lifted), that's what I'll do
I was made to worship you (Yo Kirk listen to this)
God my Master, (I'll worship you)
You came through (I'll worship you)
Now I'm a worshipper, (I'll worship you)
That's what I do (that's what I do)
Now I lost some friends, (I'll worship you)
More than two, (I'll worship you)
But I gave you glory, (I'll worship you)
That's what I do (That's what I do)In my pain and in my trials
I'm no longer in denial
I confess that I'm going through
Better days are coming soon - to worship youI remember my struggle (I'll worship you)
Bills were due (I'll worship you)
I didn't stop my worship (I'll worship you)
Because that's what I do (That's what I do)
Cried many nights, (I'll worship you)
But my strength was renewed (I'll worship you)
Sustained my worship (I'll worship you)
That's what I do (That's what I do)OxyContin pain killers (I'll worship you)
Smoked weed too (I'll worship you)

Worship delivered me (I'll worship you)
 That's what I do (That's what I do) I was condemned (I'll worship you)
 Drugs and abused (I'll worship you)
 But I started to worship (I'll worship you)
 Now that what I.... do (That's what I do) (In my pain), in my pain and in my trials
 I'm no longer in denial
 I confess that I'm going through
 Better days are coming soon - to worship you New Life, in my trials (let em know), I'm a
 worshipper
 I'm a worshipper, I'm a worshipper, I'm a worshipper, cause that's what I do
 No denial, No denial, worshipper, (it's in my DNA),
 I'm a worshipper, that's what I do Even in my trials, (in my trials), I was created to be
 I'm predestined to be (I'm a worshipper), that's what I do, (that's what I do)
 Even in my pain, (In my pain), let em know, (it serves a purpose),
 I'm a worshipper, (it creates character in me), (I'm a worshipper)
 That's, why I do it. New Life, in my trials I'm a worshipper,
 (It just rises up in me), I'm a worshipper, (and I can't stop; cause I won't stop),
 No denial, (I can't deny it), (No denial), Oooh-Weee! (I am a worshipper),
 (I was created to do it. CJ it's a proper noun), in my trials, even in trials.
 I'm a worshipper, don't deny it, (no denial), let em know, that's what I do
 Hit me, in my pain, I'm a worshipper
 Breaks the chains, CJ, on the one now, on the one now, come on
 In my trials, I'm a worshipper, no denial
 And my people say
 In my pain, in my pain I'm a worshipper, cause I'm a worshipper, break the chains. Door was
 locked up, come on
 When I came down, (I'll worship you)
 Miracle were loosed, (I'll worship you)
 I gave you glory, (I'll worship you)
 That what I do, (That's what I do) Headache's gone, (I'll worship you)
 He healed every bruise, (I'll worship you)
 I give you glory, (I'll worship you)
 That's what I do, (That's what I do)
 Every challenge ahead (I'll worship you)
 I will endure (I'll worship you)
 I am a worshipper (I'll worship you)
 That's what I do,
 Grace and Mercy brought me through
 I'm a worshipper that's what I do
 That's what I do! This is what I do!
