

If You Loved Me

Tracy Lawrence

I see the way he doesn't treat you right
I see the tears that you try to hide
I feel the heartache that you don't show
Wish I had a way to let you knowChorus:
I would be the shoulder you could cry on
The heart and soul you know you could rely on
With every breath I'll ever take
I swear I'd never let forever end
If you loved me
If you loved me againThere was a time I had it all with you
'Til it came undone, from what I didn't do
Now he's making the same mistakes
And when he loses you, if it's not too lateRepeat Chorus
With every breath I'll ever take
I swear I'd never let forever end
If you loved me
If you loved me again
