## **Miracles (Radio Edit)**

## **Pet Shop Boys**

Clouds drift away when they see you Rain wouldn't dare to fall near you here Miracles happen when you're around Somehow the grass is much greener Rivers flow faster and cleaner Being with you no matter where sunlight breaks through and suddenly there's A bluer sky whenever you're around You always bring a bluer sky a brighter dayThunder is silent before you Roses bloom more to adore you too Miracles happen when you're around The sunset is deeper and longer The scent of the jasmine is stronger Stray dogs don't bite Birds start to sing Lightening daren't strike You suddenly bring A bluer sky whenever you're around You always bring a bluer sky a brighter day Birds fly even higher in the sky Sun shines It's a new dayBeing with you no matter where sunlight breaks through and suddenly there's A bluer sky whenever you're around You always bring a bluer sky a brighter day

(Miracles happen)
Birds fly
even higher in the sky
(Miracles happen)
Sun shines
It's a new day
(Miracles happen)
Sun shines
It's a new day
