

# Hysteria (feat. Matthew Koma)

Steve Aoki

Tighten your harness to the storm  
Channel your waves to chase me once more  
Carry on, carry on, carry on Your honor is sleeping with snakes  
We are alive and loving the stakes  
Carry on, carry on, carry on Open your mind to the light of hysteria  
Chasing the high, never find your hysteria  
Open your eyes in the light of hysteria  
I know you feel it  
I am the risk you need to take  
The guilt on your conscience and your jail bait  
Carry on, carry on, carry on  
So I'll be the taxi you can hail  
The head on a coin you toss to make bail  
Carry on, carry on, carry on
