

Zombie

Jamie T

Love, she sees apart from me
possessed behind the eyes
Apart from the frightening
the moaning the biting
he seemed to be a nice guy And I know what she thinks when she looks at me
When she looks with such despair
You're not the only one around here who needs a bit of fresh air Cause I'm a sad sad post teen
Caught up in the love machine
No dream, come clean
Walking like a zombie, like a zombie And I'm a coal train, fast lane
Caught up in the dirty rain
No pain, no gain
Walking like a zombie, like a zombie
Well, this old place here, man it's falling apart
She's on the road as she goes, but she won't get far
I'm on a show to parole to the toad in the hole I gotta grow me some roots, I got a prop at the bar
I got blood shot eyes, and there's blood in my teeth
I got a ripped up jacket and a friend who's a thief
Well I'm a frothin' at the mouth, tryna pull it out
But the fire inside keeps burning, burning out Cause I'm a sad sad post teen
Caught up in the love machine
No dream, come clean
Walking like a zombie, like a zombie And I'm a cold train, fast lane
Caught up in the dirty rain
No pain, no gain
Walking like a zombie, like a zombie
Hold your own in the situation
don't be afraid to be a friend
Cause I won't hurt you
girl or leave you a loose end
You make me alive enough to love again Cause I'm a sad sad post teen
Caught up in the love machine
No dream, come clean
Walking like a zombie, like a zombie And I'm a cold train, fast lane
Caught up in the dirty rain
No pain, no gain
Walking like a zombie, like a zombie Cause I'm a sad sad post teen
Caught up in the love machine
No dream, come clean
Walking like a zombie, like a zombie And I'm a cold train, fast lane
Caught up in the dirty rain
No pain, no gain

Walking like a zombie, like a zombie
(like a zombie)
(like a zombie)
(like a zombie)
(like a zombie)
