

Llove (feat. Haley)

Kaskade

One, one, two, three you know l-l-o-v-e
Peeking through the window
Trying to get a looksie
LooksieFour, four, five, six
I know how to get my kicks
You may think that this is life
Waiting for the remix
RemixSometimes i don't hear what you say
We're just getting away
Feelings come from a place
Far away from the fade
Sometimes i just wanna sing softly
Sing softly
Sing softly
SingWanna sing softly
Sing softly
Sing softly
SingHey, hey, you, you
One more time will get us through
Turn the clock so we don't see
Happy just to be
Mmmmmmmmm beOne, one, two, three
You know l-l-o-v-e
This rhythm is sublime
And so are we
Mmmmmmm
Sometimes i don't hear what you say
We're just getting away
Feelings come from a place
Far away from the fadeSometimes i just wanna sing softly
Sing softly
Sing softly
SingWanna sing softly
Sing softly
Sing softly
Sing
