

# That Somebody Was You (with Toni Braxton)

Kenny G

There's been so many times  
My heart has been broken into  
I kept them waiting in line  
Coz nobody's heart was true  
For every time I gave into love  
I would always end up blue  
And just when I was about to give up  
I found myself an angel call to you I've been waiting a lifetime for  
Somebody to love me like you do  
(oh yeah, oh yeah)  
I was thinking that I'd always  
Be lonely but God came up  
With someone like you  
Just to think I had made  
Up my mind love was over  
Somebody gave me the love  
That somebody was you I told you night after night  
I prayed for someone like you But no one ever was right  
They could not compare to you I wasn't sure if I could endure If things just stay the same  
I didn't know if God had in store  
A day without you loving my way I've been waiting a lifetime for  
Somebody to love me like you do  
Oh yeah (oh yeah)  
I was thinking that I'd always be  
Lonely but God came up  
With someone like you  
Just to think I had made up my mind  
Love was over  
Somebody gave me the love  
That somebody was you I've been waiting a lifetime for  
Somebody to love me like you do  
(baby)  
Oh yeah (oh yeah)  
I was thinking that I'd always be  
Lonely but God came up  
With someone like you  
Just to think I had made up my mind  
Love was over  
Somebody gave me the love  
(somebody gave me the love)  
Somebody gave me the love  
(opened my heart and gave me love)

Somebody gave me the love  
(somebody gave me the love)  
That somebody was you...
