

# Mr. Golden Deal

## Tonic

Swallow your pride  
Make way for the new bride  
Holding your tongue  
When they call another winner Oh there is more to this life  
Hey Mr. Golden Deal  
Tell me how does she feel  
She's like the wind  
And that boy couldn't sail  
He says I've washed these decks for years  
I've carried those pails And oh there is more to this life  
Hey Mr. Golden Deal  
Tell me how does she feel  
Does she hold you in the night  
Does she tell you everything is gonna be alright  
Hey Mr. Golden Deal  
How does she feel  
Captain oh my captain  
Steer the first mate true  
The men they sing a song of fear  
Ghosts of ships that failed before  
And the captain he is laughing  
You can't control the sea  
She will always do as she pleases  
It's her nature to be free And oh there is more to this life  
Hey Mr. Golden Deal  
Tell me how does she feel  
Do you hold her in the night  
Do you tell her everything's gonna be alright  
Hey Mr. Golden Deal  
I know how you feel  
Oh, I know, I know  
Oh, I know, I know, I know, I know, I know, I know, I, I know Hey Mr. Golden Deal  
How does she feel
