

In My Kingdom Cold

Immortal

Forth after the dark.
A time I do know.In my kingdom.
I enter to my own world.Open the gate.
Of a mountain of dark.Rising with the shadows.
A dark world made for me.Black my mind.
Black my heart.In my kingdom.
I enter to my own world.Open the gate.
Of a mountain of black.
Rising with the shadows.
A black world made for me.Chorus
In my kingdom cold.
At the mountains of madness.Unending grimness.
On these mountains which I heart.In my kingdom cold.
At the mountais of madness.Unending grimness.
This kingdom is mine.Frozen and cold.
An existence I do know.In my kingdom cold.
I enter this condition.Open the gate.
It's a mountain of ice.
Rising with the shadows.
A cold world made for me.A cold world made for me.Forth after the dark.
A time I do know.In my kingdom.
I enter to my own world.Open the gate.
Of a mountain of dark.Rising with the shadows.
A real dream made for me.! And here we go again!Chorus
In my kingdom cold.
At the mountains of madness.Unending grimness.
On these mountains which I heart.In my kingdom cold.
At the mountais of madness.Unending grimness.
This kingdom is mine.This kingdom is mine.
