

# Butterfly

## Candlebox

Some will find subtlety left in strangers,  
Some will find subtlety alone  
Some will find subtlety left in strangers,  
Some will find subtlety alone  
And if you find everything like you're looking for,  
If you find anything let me in  
My eyes I see, I see everything  
My eyes, I see it's together I know.  
Some will find everything trapped in cages.  
Some will find simple things inside their zoo.  
And if you find everything like you're looking for,  
If you find anything let me go.  
My eyes I see, I see everything.  
My eyes I see and I feel it's together I know.  
Butterfly home, fly home, fly home, fly...  
And I'll raise my head up,  
And I'll raise my arms up,  
And I'll flutter on, beautiful, flutter on, beautiful,  
Flutter on, I'm beautiful...  
And I'll raise my wings up,  
And I'll shed this shell off,  
And I'll flutter on, beautiful, flutter on, beautiful,  
Flutter on, I'm beautiful...  
If what I know is real,  
If what I know is all,  
I'm dying, I'm dying  
But I flutter on beautiful, flutter on beautiful.  
I'm dying beautiful, I'm dying beautiful.  
Flutter on, I'm beautiful  
Flutter on, I'm beautiful  
And I see in my eyes,  
And I feel in my skin,  
And I walk in my world,  
And I feel that I'm dying...  
And if you find everything like you're looking for,  
If you find anything let me in  
My eyes I see, I see everything  
My eyes, I see it's together I know.  
Some will find everything trapped in cages.  
Some will find simple things inside their zoo.  
And if you find everything like you're looking for,  
If you find anything let me go.

My eyes I see, I see everything.  
My eyes I see and I feel it's together I know.  
Butterfly home, fly home, fly home, fly...  
And I'll raise my head up,  
And I'll raise my arms up,  
And I'll flutter on, beautiful, flutter on, beautiful,  
Flutter on, I'm beautiful...  
And I'll raise my wings up,  
And I'll shed this shell off,  
And I'll flutter on, beautiful, flutter on, beautiful,  
Flutter on, I'm beautiful...  
If what I know is real,  
If what I know is all,  
I'm dying, I'm dying  
But I flutter on beautiful, flutter on beautiful.  
I'm dying beautiful, I'm dying beautiful.  
Flutter on, I'm beautiful  
Flutter on, I'm beautiful  
And I see in my eyes,  
And I feel in my skin,  
And I walk in my world,  
And I feel that I'm dying...
