

Time (Edit)

NF

And you say you hate me
And we go to bed angry I know everything will be alright
I'll be here waiting
I promise I'm changing
I just need...A little time to show you I'm worth it
I know that I can be a difficult person
I'm a stress case, drive you up the wall when I'm workin'
Actually, I'm probably worse when I'm not
You don't deserve it
Make you nervous 'cause you know I'ma break soon
Every time I do, I say somethin' that hurts you
Actin' like I'm gone but we both in the same room
I don't like to be wrong, which I know you relate to
And I know I make you feel like you're at the end of your road
That's when I look at you and tell you I'd be better alone
That's just the pride talkin', isn't it?
'Cause both of us know
I'm the definition of "wreck" if you look into my soul
Comes out the most when I feel I'm in a vulnerable place
Made a lot of mistakes I wish I knew how to erase
When I'm afraid, might get distant and I push you away But no matter the case, I'ma do
whatever it takes
Even if—Even if we both break down tonight And you say you hate me
And we go to bed angry I know everything will be alright I'll be here waiting
I promise I'm changing
I just need...Time (Oh) I-I need time (Oh, oh)
I just need time (Oh)
I-I need time (Oh)
Time (Oh), time (Oh)
Yeah, way before I bought you the ring
We were fighting back and forth like you were wearin' the thing
Two passionate people not afraid to say what they think
Lead to passionate conversation when it's hard to agree
You know me well
Sittin' on the edge of my seat
Lookin' at life, overanalyzin' everything
Always depressed, tryna find a better version of me Searching for somethin' I know's prolly
right in front of my feet
Stubborn as me? Maybe not, but you're close to it
Got a lot of issues, I'm tryna work through 'em
Going to therapy for you's somethin' that's worth doin' When I know you been there for me
through all of my worst moments

And I know it hurts knowing that I carry this weight on my chest
Making it difficult for me to
open up and connect
A lot of regrets, I apologize for all of the stress
That's not what I meant to do
You know I love you to death
Even if—Even if we both break down tonight
And you say you
hate me
And we go to bed angry
I know everything will be alright
I'll be here waiting
I promise I'm changing
I just need...Time (Oh)
I-I need time (Oh, oh)
I just need time (Oh)
I-I need time (Oh)
Time (Oh), time (Oh)
I just need time (Oh)
I-I need time (Oh, oh)
I just need time (Oh)
I-I need time (Oh)
Time (Oh), time (Oh)
