

London (feat. Stefflon Don & Krept & Konan)

Jeremih

Ah Jeremih You haffi marry the nana-na-na
Before mi ride the banana
You haffi marry the nana-na-na
Before mi ride the banana
You haffi marry the nana-na-na
Before mi ride the banana-nana
Haffi marry the nana
Before mi ride the banana-nana
You know my eyes up on your face (Face)
My hands up on your waist (Your waist)
I limbo go low-low-low-low
I might get me a taste
That Henny got me feelin' nasty
Go give me ride-ride like a taxi
I seen that ass just walk past
I couldn't let you walk past me (Whoa, no)
Girl let me take this somewhere
We're naked, forget 'bout what we do (Forget 'bout what we do)
Don't wanna wake up
Later tonight and
Not be right next to you (Not be right next you)
What is this feeling
I cannot deal with
All I wan' feel is you (All I wan' feel is you)
All I wan' feel is you (All I wan' feel is you)
All I wan' feel is you
You haffi marry the nana-na-na
Before mi ride the banana
You haffi marry the nana-na-na
Before mi ride the banana
You haffi marry the nana-na-na
Before mi ride the banana-nana
Haffi marry the nana
Before mi ride the banana-nana You want me spend time with you?
Lose my mind with you?
How mi fi give you all of me
And yuh nuh give me all of you?
What you want me do?
You want me fi put my trust in you?
You want come see what mi waistline do
You want mi fi take over you?
Hey, got the brand new coupe, for us you know (For us)

Never do you like the rest'll do (Never)
You got me thinkin' big family
And I wanna make you Mrs. Huxtable (Mrs. Huxtable)
You say you want things your way
Anything at all cause I'm close to you
We at the perfect time and place
What other time is time to play? You haffi marry the nana-na-na
Before mi ride the banana
You haffi marry the nana-na-na
Before mi ride the banana
You haffi marry the nana-na-na
Before mi ride the banana-nana
Haffi marry the nana
Before mi ride the banana-nana Girl can we take this somewhere we're naked
Forget 'bout what we do (Forget 'bout what we do)
What is this feeling
I cannot I deal with
All I wan' feel is you (All I wan' feel is you)
All I wan' feel is you
All I wan' feel is Wine 'pon it, climb 'pon it
Ride 'pon it, spend your whole blood clot life 'pon it
Dive 'pon it, slide 'pon it
Wait, you broke me cocky now mi need fi put ice 'pon it
Grind 'pon it, fight 'pon it

You can take a blood clot fly 'pon it
Your tight 'pon it

Before mi ride the banana-nana
Haffi marry the nana
Before mi ride the banana-nana
