

Soldier (feat. Rich Homie Quan)

Jacquees

Dropped up dropped out you know what I'm talking bout
You know how I feel about you shawty when we riding out I'm not your homie now cause time
don't stop

You know I gotta hit the streets beat up the block
Yeah until they listening would you as my rock
I'm focused got my head in
Rolexes and 11's

Stay grinding mane that paper chase
Hustling to see my family good ya mama straight
Living money over everything so when they hate
Rolexs and 11's hot box it in my 7's
Ain't nobody got me like you do my partners be like
That's your soldier your lil soldier girl
That's why I'm riding out with you I'll always be like
That's my soldier my lil soldier
She hold it down and I pick it up
We balling like a armor truck

Ain't nobody got me like you do I'll always be like
That's my soldier my lil, lil soldier
It's hard to see the real girls come and go
Draw you into their fantasies before you know it
Eyes out for my enemies I clear my thorat
With plans to have they wedding Rolexes and 11's
I never have to search your always there
My shawtys always down to grind and she's sincere
I vow to give the world to world to her

Deserve to give the world to world to her yeah
Ain't nobody got me like you do my partners be like
That's your soldier your lil soldier girl
That's why I'm riding out with you I'll always be like
That's my soldier my lil soldier
She hold it down and I pick it up
We balling like a armor truck

Ain't nobody got me like you do I'll always be like
That's my soldier my lil soldier
Thirty thousand sixty minutes, that's a rolex (Presidential)
She my lil soldier I'm lieutenant and you don't wanna go there
So there balling on a nigga like no hair
Ballin in Gucci got 4 pair kick back top floor
Yo ho there, yo ho there

I ain't trynna be rude but I love the things you do with your tongue
Fuck your principal I break rules now the bitch say she fell in love with Quan

On my waist where I use to hold a gun I'm a soldier I need a soldier
If I shoot ya'll niggas gone run I told ya that I ain't know ya
Me and Jacqueses got another one the bitches gone love this here
I done switched cars I'm in my other one
I'm a try to make a mil this year
What you wanna do right now?
Who you wanna screw right now? (Rich Homie?)
Flow sick got the flu right now pay attention
Jacqueses talk to em young nigga
That right 2!
Ain't nobody got me like you do my partners be like
That's your soldier your lil soldier girl
That's why I'm riding out with you I'll always be like
That's my soldier my lil soldier
She hold it down and I pick it up
We balling like a armor truck
Ain't nobody got me like you do I'll always be like
That's my soldier my lil soldier girl
