

# Deliverance

Brian Tyler

do you remember how it felt like?  
I still remember how the days that end, the weeks and months  
we were together for so long  
I haven't noticed, that we're falling down too fast  
If I could take it all back  
I still want you by my side.  
If only I could bring you back to me  
If I could go back in time  
promise we won't say goodbye  
I never really moved on,  
No, not in time...I wanna go back to the way we used to be  
I wanna feel your skin, your lips so close to me  
I wanna go back when I called you mine all the time  
Every smile and every moment  
If only I have (If only I have) a time machine.  
I need you like the air I breathe  
(you make me feel alive)  
You're the best part of my everyday (my every night)  
If only I could travel back in time  
I'd take it all back and I'll turn it all around  
If I could take it all back  
I still want you by my side.  
If only I could bring you back to me  
If I could go back in time  
promise we won't say goodbye  
I never really moved on,  
No, not in time...I wanna go back to the way we used to be  
I wanna feel your skin, your lips so close to me  
I wanna go back when I called you mine all the time  
Every smile and every moment  
If only I have (If only I have) a time machine.  
If I could go back in time, I'd make us so much better  
If I could hear and if I could see,  
If I could hold on to your hands  
once again  
I wanna go back to the way we used to be  
I wanna feel your skin, your lips so close to me  
I wanna go back when I called you mine all the time  
Every smile and every moment  
If only I have (If only I have) a time machine.  
If only I have a time machine.
