

# Prototype

## Outkast

I hope that you are the one  
If not, you are the prototype  
We'll tiptoe to the sun  
And do things I know you like I think I'm in love again  
I think I'm in love again Today, today must be my lucky day  
Baby, you are the prototype  
Do sumn' outta the ordinary  
Like catch a matinee  
Baby, you are the prototype  
I think I'm...  
I think I'm in love again  
I think I'm in love again If we happen to part  
Lord knows I don't want that  
But hey, we can't be mad at God  
We met today for a reason  
I think I'm on the right track now I think I'm in love again  
I think I'm in love again Let's go, let's go to the movies (And... action!) I think I'm in love  
again... Girl, right now I wanna say, I wanna say  
I wanna say stank you (stank you) very much (very much)  
For picking me up  
And bringing me back to this world  
I can't or not, I can't afford to not record  
I think I wanna say  
I think I wanna say stank you  
Stank you smelly much  
For picking me up and bringing me back to this world Stank you very much... Hey, hey John  
Are we recording our adlibs?  
Really, what we were recording just there?  
Let me hear that that first one.
