Ricochet! (Kissy Sell Out Mix)

Shiny Toy Guns

Welcome back to
Where I'm gonna have you
Shell shock, fall back
Anyone I see throughWatch your head spin
Like a mesocyclone
Bouncing off the walls
Now there's nowhere to runLike a bullet, meant to be shot
You're the target, dead on the spot
When I focus, I never miss
It starts with a kissShe ricochets
And you don't notice
She's in your head
And you just don't notice
She ricochets
And you don't notice
She's in your head
And you just don't noticeLet the sweat fall
Find me in the back stall
Let it snow down
Now we're gonna deck hallsI hit the bullseye
Making all the boys cry
I hit the main line
Breaking through the night skyLike a bullet, meant to be shot
You're the target, dead on the spot
When I focus, I never miss
It starts with a kiss
She ricochets
And you don't notice
She's in your head
And you just don't noticeShe ricochets
And you don't notice
She's in your head
And you just don't notice
