

Well It's Fine

Nick Waterhouse

I remember twenty four, twenty three
All the funny things
You were telling me
Well, here we are
Some ways down a crooked line
When I stop to wind my watch, well, I find
You're asking for the time Well, it's fine
If you still want me around
Oh, but I'm not the kind
To just take things, oh, sitting down
Sittin' 'round rattling
How you'll have it made
Clipping up your thoughts
Behind a razor blade
Well, here we are
What's another year?
Oh man, the way things've been going
It's getting pretty clear Well, it's fine
If you still want me around
But I'm not the kind
To just take things, oh, sitting down
Oh, sitting down, yeah
Oh, well it's fine
If you still want me around
No but I'm not the kind
To just take things, oh, sitting down
No I'm not the kind
To just take things sitting down
Oh, no
Mmm mmm
I ain't that kind baby
