

# Where Were You Then?

## Oleander

sooner or later you and me will be lost dumb blind and free  
sooner or later you and i won't have anywhere to hide  
sooner or later everyone catches up to the things they've done  
sooner or later everyone will get down as we kick itunwind, cut the ties, open wide and  
waitsooner or later things you say catch up and they make you pay  
sooner or later things you do they hurt only me and  
sooner or later everyone catches up to the things they've done  
sooner or later everyone will get down as we kick itunwind, cut the ties, open wide and waitoh,  
where were you then  
oh, where were you then  
honey, sorry hey hey la la  
oh, where were you thensooner or later things you say catch up and they make you pay  
sooner or later things you do they hurt only me and  
oh, where were you then  
oh, where were you then  
honey, sorry hey hey la la  
oh, where were you then
