

Rain (Dflent Remix)

Astronaut

Waiting for the rain
I'm not holding back for anyone
Waiting for the rain
I'm not holding back for anyone I've been holding forever
Waiting for the rain to come
Who am I to just surrender
I'm not holding back for anyone I've been holding forever
Waiting for the rain to come
Who am I to just surrender
I'm not holding back for anyone I've been holding forever
Waiting for the rain to come
Who am I to just surrender
I'm not holding back for anyone
I've been holding forever
Waiting for the rain to come
Who am I to just surrender
I'm not holding back for anyone Holding for...
Waiting for the rain
Am I to just surrend...
I'm not holding back for anyone
Waiting for the rain Waiting for the rain
I'm not holding back for anyone
Waiting for the rain
I'm not holding back for anyone I've been holding forever
Waiting for the rain to come
Who am I to just surrender
I'm not holding back for anyone
I've been holding forever
Waiting for the rain to come
Who am I to just surrender
I'm not holding back for anyone I've been holding forever
Waiting for the rain to come
Who am I to just surrender
I'm not holding back for anyone I've been holding forever
Waiting for the rain to come
Who am I to just surrender
I'm not holding back for anyone Holding for...
Waiting for the rain
Am I to just surrend...
I'm not holding back for anyone
Waiting for the rain
Waiting for the rain

I'm not holding back for anyone
