This City

Sam Fischer

I've been seeing lonely people in crowded rooms
Covering their old heartbreaks with new tattoos
It's all about smoke screens and cigarettesLooking through low lights at silhouettes
But all I see is lonely people in crowded roomsThis city's gonna break my heart
This city's gonna love me then leave me alone

This city's got me chasin' stars

It's been a couple months since I felt like I'm home

Am I getting closer to knowing where I belong?

This city's gonna break my heart

She's always gonna break your heart

I remember mornings where my head didn't hurt

And I remember nights when art didn't feel like work

She wakes up at noon and she's out 'til three

She leaves her perfume all over me

But I remember mornings where my head didn't hurtOh, this city's gonna break my heart (It's gonna break my heart)

This city's gonna love me then leave me alone This city's got me chasin' stars (It's got me chasin' stars)

It's been a couple months since I felt like I'm home

Am I getting closer to knowing where I belong?

This city's gonna break my heart

She's always gonna break your heartShe got a hold on me

She got me wrapped 'round her finger

She got a hold on me

She got me wrapped 'round her finger

This city's gonna break my heart

This city's gonna love me then leave me alone (It's gonna love me then leave me alone)

This city's got me chasin' stars

It's been a couple months since I felt like I'm home

Am I getting closer to knowing where I belong?

This city's gonna break my heart

She's always gonna break your heartThis city's gonna break my heart

She's always gonna break your heart
