

# Chainsaw

Nick Jonas

Baby I'll just take a chainsaw to the sofa  
Where I held your body close for so long, so long  
Walk in the house, lights are off  
In the closet by the door, there's your coat  
I wasn't thinking of you before  
Too many rooms in this house and we keep going out  
What the hell is that about?  
We gotta find a way to be okay  
Baby I'll just take a chainsaw to the sofa  
Where I held your body close for so long, so long  
I'm gonna break the fuckin' China  
Cause it's just one more reminder you're gone, you're gone  
When I get home, TV on  
Drink in my glass, better make it strong  
Some nights wanna fill this place  
With a tight dress and a pretty face  
You find faith but you left on purpose  
You had a plan, your timing's perfect  
We gotta find a way to be okay  
Baby I'll just take a chainsaw to the sofa  
Where I held your body close for so long, so long  
I'm gonna break the fuckin' China  
Cause it's just one more reminder you're gone, you're gone  
We were building brick by brick  
Now it's just a quicksand home, yeah  
So I'll take a chainsaw to the sofa  
Where I held your body close for so long, so long  
Ooh I can put a sign in the lawn  
But it would mean I would wanna let you go  
And I don't wanna let you go  
I can put a sign on the lawn  
But it would mean I would wanna let you go  
And I don't wanna let you go  
I'll just take a chainsaw to the sofa  
Where I held your body close for so long, so long  
I'll burn everything that binds us  
Take a lighter to the mattress you're on  
We were building brick by brick  
Now it's just a quicksand home, yeah  
I'll take a chainsaw to the sofa  
Where I held your body close for so long, so long  
Yeah, so long
