

Mr. Navigator

Armin van Buuren & Tempo Giusto

Back to the basics, freed from cages
Into the world of joy not stasis
Natural chemicals, endorphin, dopamine
Storming down my brain like a wild, wild
vaccine
Welcome back Mr. Navigator
To rule your life and be the operator
Lose the role, find the soul, get the goal, make it whole
Never let the system take cruise control
Tsooh!
This is the weekend
When lame things end, meet your cool friend
Time to dance, take a chance, go wild, in a trance
Everyone can win a game of romance
Welcome back Mr. Navigator
To rule your life and be the moderator
Live it up, let it flow, lose it up, let it go
Be the miracle, your own commando
Commando
Commando
Commando
Commando
Commando
Welcome back Mr. Navigator
Welcome back Mr. Navigator
To rule your life and be the operator
Welcome back Mr. Navigator
To rule your life and be the moderator
Welcome back Mr. Navigator
Welcome back Mr. Navigator
Back to the basics, freed from cages
Into the world of joy not stasis
Natural chemicals, endorphin, dopamine
Storming down my brain like a wild, wild vaccine
Welcome back Mr. Navigator
To rule your life and be the moderator
Live it up, let it flow, lose it up, let it go
Be the miracle, your own commando
Welcome back Mr. Navigator
Welcome back Mr. Navigator
Welcome back Mr. Navigator
Welcome back Mr. Navigator
Navigator
Navigator
Navigator
Navigator
Navi-navi-navi-navi-navi.
Welcome back Mr. Navigator
Welcome back Mr. Navigator
Welcome back Mr. Navigator
Welcome back Mr. Navigator
Welcome back Mr. Navigator
