

# Slow Down

## Skip Marley & Her

Slow down, girl let me love you  
Darling i care, i care for you more than my ownself  
Darling i share, i share with you all goodness and well  
Say we can have just one night,  
Or we can have one whole life of we play it cool  
We can have that one thing or we can  
Have everything if our hearts are true  
Girl slow down, girl let me love you  
Darling slow down, let me got to know you  
Say say.  
Babe i been fantasised, just looking in your eyes  
You know im looking for more  
And you what i been praying for,  
This, kind of love don't come around like this  
I'm not one to play around like this,  
Its so real and i love how it feels, yaah  
Love when we slowly sway, love when we think the same thing  
I love the way move, the way movee yeah  
We can have every night,  
We can have everyday ohh i want you to i need you Darling slow down (slow down, slow down)  
Let me love you (let me love you)  
Girl slow down, let me got to know you  
I wanna see you tomorrow, no just the thrill of today  
Dont let our love just be  
Borrowed(no), this is the choice that we take  
Girl, slow down (oh don't you don't you don't you)  
Let me love (i need you)  
Darling slow down (i need you)  
Let me got to know you (let me got to know you)  
We can have just one night, we can one whole life if we play it cool  
We can that one thing, we can everything if our hearts are true  
Girl.  
Slow down, slow down
