All This Love (feat. Harlœ) [Hook N Sling Remix]

Robin Schulz

2AM in this cheap hotel
Thought a little bit of space would help us heal
Now I see yaOn the bed when I close my eyes
Think about those perfect nights in Phoenix
Still feel itBut there's no relief
This weight on me is taking it's toll
It's not letting go
Damned if we do, damned if we don't
Sometimes I wonder if we knew it all along
So what are we gonna do with all this love?
And in twelve years time, will we smile when we think about us? Hey
Our timing is a mess
But that don't mean that it means less
And if we have to say goodbye 'cause it's for the best
What are we gonna do with all this love?
With all this love?With all this love?
With all this love?Are we gonna box it away
Save it for when it rains in LA
We need it, yeah we need it
Oh, maybe we'll wake up one of these days
Say the biggest mistake we ever made was leaving
And not thinking
So what are we gonna do with all this love?
And in twelve years time, will we smile when we think about us? Oh
Our timing is a mess
But that don't mean that it means less
And if we have to say goodbye 'cause it's for the best
So what are we gonna do with all this love?
Yeah with all this love?With all this love?
With all this love?
So what are we gonna do with all this love?
With all this love?
So what are we gonna do with all this love?
With all this love?
