

Love Changes

Stevie Nicks

It wasn't that I didn't love you
I just couldn't make you see
That as hard as I tried
To make it all better
It was not better for me The love that I gave you was all around you
There was nothing there for me
I hate to say it but I saw it coming
My feelings were changing I only say what you want to hear
When there is conflict I stand clear
When he was loving I was in tears
He knows my fears
I was shy to figure a way around this
She says like a sad song
I don't understand the way that I feel
I am terrified of being wrong Well I am not happy, I am not crazy
Are you listening, do you hear?
Everything happens for a reason
Stay clear I only say what you want to hear
When there is conflict I stand clear
When he was loving I was in tears
He knows my fears When love changes in the flash of an eye
It leaves people burning by the side of the road
You stand there you've got nothing you own
For the first time you are alone
For the first time you are alone
It wasn't that I didn't love you
But I just couldn't make you see
That as hard as I tried
To make it all better
It was not better for me The love that I gave you was all around you
There was nothing there for me
I hate to say it but I saw it coming
My feelings were changing I only say what you want to hear
When there is conflict I stand clear
When he was loving I was in tears
He knows my fears When love changes in the flash of an eye
It leaves people burning by the side of the road
You stand there you've got nothing you own
For the first time you are alone
For the first time you are alone
