

# Beggars

## Krewella & Diskord

This one is for the fucked up, chewed up, spit out, stepped on  
No luck, no fucks, tough love, half blood Stripped down, beat down, blacked-out, choking  
No sound, no crowd, burnt up, broken  
We're always eager for so much more '  
Cause reality is a cancer and we've discovered the cure They took your money and your  
freedom and your time  
They almost took it all but they'll never take you mind  
This one is for the  
beggars  
Stand up if you're feeling wreckless They don't understand that we're heartless  
We'll never be the same  
So we take, take, take, 'til we get our fucking way  
Beggars  
Stand up if you're feeling wreckless They don't understand that we're heartless  
We'll never be the same So we take, take, take, 'til we get our fucking way  
Take, take, take, take, take, take, take, take  
Take, take, take, '  
til we get our fucking way  
Get our way  
Get our fucking way  
Beggars  
Stand up if you're feeling  
Get our fucking way  
This one if for the sickness, dismissed, brushed off, stolen  
Vicious feelings, force-fed your slogans  
Blank words, torturers, tongue-tied  
So just shut the fuck up, roll up  
Light you and smoke it  
Beggars  
Stand up if you're feeling wreckless  
They don't understand that we're heartless  
We'll never be the same  
So we take, take, take, 'til we get our fucking way  
Beggars  
Stand up if you're feeling wreckless  
They don't understand that we're heartless  
We'll never be the same  
So we take, take, take, 'til we get our fucking way  
Get our way  
Get our fucking way  
Beggars  
Stand up if you're feeling

Get our fucking way  
Take, take, take, take, take, take, take, take  
Take, take, take, take, take, take, take, take  
Take, take, take, take, take, take, take, take  
Take, take, take, take  
Beggars  
This one is for the beggars  
Stand up if you're feeling wreckless  
They don't understand that we're heartless  
We'll never be the same  
So we take, take, take, 'til we get our fucking way
