

Lydia's Black Lung

Alice Donut

I'm laid out
Like a martyr on a redwood plaque.
She's burning
the ticks right off my back. I'm indulgent
I like to cater to peculiar whims
She's fascinated
by my artificial limbs Asphyxiation
Love's monstrous charm
Asphyxiation
A slow suicide
My life's expended
for my last cigarette
Extreme unction
and pulmo-cardiac arrest.
Asphyxiation
Love's monstrous charm
Asphyxiation
A slow suicide .and I smother myself. In Lydia's Black Lung
Lydia's Iron Lung.
Lydia's Black Lung.
Lydia's Iron Lung.
In Lydia's Black Lung
Lydia's Iron Lung.
Lydia's Black Lung.
Lydia's Iron Lung.
