She's got moves she's got some
I wonder where she come from
Cos I am loving how she dey shake body
I wanna see you do like me put your hands in the air
If you feeling fantastic here
If you feeling ecstatic here
I wanna see everybody wave ya hands in the air Cos I caught the vibe
And gave you the vibe
Now we have the vibe
Now I'm feeling alive
I know for sure tonight
We're gonna have the time of our lives eh eh eh yeah
Cos I caught the vibe
And gave you the vibe
Now we have the vibe

I got a lotta lotta bills - got bills and fees
But tonight I want to hang - with my girls and gees
So I'm calling up my girls - in twos and threes
Now we chilling with my guys - and we're blowing trees
Then we head to the club - time to ease the stress
And the boy got the songs - make the girls impressed
They feeling the sound in the East and West
Yeah everything's cool yeah everything's blessed
I wanna see you do like me put your hands in the air
If you feeling ecstatic here
If you feeling fantastic here
I wanna see everybody wave ya hands in the air Cos I caught the vibe
And gave you the vibe
Now we have the vibe
Yeah I'm feeling alive
I know for sure tonight

We're gonna have - the time of our lives
Or maybe you caught the vibe
And gave me the vibe
Now we have the vibe

We're gonna have the time of our lives You're now lost in my world
Every guy gwan grab every gyal
Don't wanna see no gyal by the wall
Cos Mr DJ got something for y'all

She got her own dance (own dance), so she does it (so she does it)
The little light of mine (of mine), I'm gonna let it shine (its gon shine)
Don't worry bout tomorrow (bout tomorrow), cos we'll be just fine (FINE)
I wanna see you do like me put your hands in the air
If you feeling ecstatic here
If you feeling fantastic here
I wanna see everybody wave ya hands in the air We're gonna have a hangover tomorrow
But that was never gonna stop us tonight
So when I take a shot everybody follow
The Hennessy got us feeling right
Let's take a picture lets take a photo
And save memories of the night
So when I take a shot everybody follow
