Big Love

Jamie Lidell

At the? minute
Got no? anymoreIs that the big love?
Is that the big love?
Is that the big love at my door??
Fillin up the page(Chorus):
You make, you make a big love
You make, you make a big love
Electricity around us, baby
Electric high, it's time we touch
Some will just insist that you'd be better off alone
But people lie when they don't know
