

# Night On the Sun

## Modest Mouse

So, turn off the light 'cause it's night on the sun  
You're hopelessly hopeless, I hope so, for you  
Freeze your blood and then stab it into, in two  
Stab your blood into me and blendI eat my own blood and get filled up, I get filled up  
I get filled up on me and endSo turn off the light 'cause it's night on the sun  
You're hopelessly hopeless, I hope so, for you  
Turn off the light 'cause it's night on the sun  
You're hopelessly hopeless, I hope so, for youFreeze your blood and then stab it into, in two  
Stab your blood into me and end  
I eat my own blood and get filled up, I get filled up  
I get filled up on me and end  
Freeze your blood and then stab it into me  
Freeze your blood and then stab it into me  
Freeze your blood and then stab it in two, into  
Stab your blood into me and endTurn off the light 'cause it's night on the sun  
You're hopelessly hopeless, I hope so, for youWell, there's one thing to know about this town  
It's five hundred miles underground, and that's alright  
Well, there's one thing to know about this globe  
It's bound and it's willing to explode, and that's alrightThat's alright, that's alrightWell there's  
one thing to know about this town  
Not a person doesn't want me underground, that's alrightThat's alright, that's alrightThere's one  
thing to know about this town  
It's five hundred miles underground, and that's okay, that's alright  
There's one thing to know about this earth  
We're put here just to make more dirt, and that's okay, that's alright  
Well, there's one thing to know about this globe  
It's bound and it's willing to explode, and that's okay, that's alright  
Well, there's one thing to know about this town  
It's five hundred miles underground, and that's okay, that's alrightNight on the sun
