

# Don't Walk Away Eileen

Sam Roberts

Don't walk away Eileen  
I've been living for you since the age of seventeen  
Don't walk away Eileen  
You've been telling lies and now it's time to come clean  
Hey, you come around and I  
Hey, you come around and I  
Can't keep time  
Hey, you turn around and I  
Hey, you turn around and I  
Hey, you turn around and  
I'm left behind  
Eileen says I'm a boy, not a man  
Crying on the corner with my head in my hands  
I called her name and she ran  
Slipping through my fingers like a fist full of sand  
Hey, you come around and I  
Hey, you come around and I  
Hey, you come around and I  
Lose my head  
Hey, you turn around and I  
Hey, you turn around and I  
Hey, you turn around and  
I'm left for dead  
And she reads my mind when I'm sleeping  
And she always arrives when I'm leaving  
And she's blocking out the sun and seas  
You're a pacifist with a gun, Eileen  
Hey, you come around and I  
Hey, you come around and I  
Hey, you come around and I  
Can't keep time  
Hey, you turn around and I  
Hey, you turn around and I  
Hey, you turn around and  
I'm left behind  
Hey, you come around and I  
Hey, you come around and I  
Lose my head  
Hey, you turn around and I  
Hey, you turn around and I  
Hey, you turn around and  
I'm left for dead  
Don't walk away Eileen
