

Rufio

The Griswolds

Woke up with some Maybelline on my shoulder
This gal sleeping next to me, I don't know her
This always seems to happen when I try to relive memories
Save me from myself
Can someone help me?
Someone intervene Broken heart on mended knee and never sober
So I woke up with a beauty queen from Arizona
This always seems to happen when I try to find a remedy
Save me from myself
Can someone help me?
Someone intervene Can someone call the prince to rescue me and take me home?
Can someone take me home?
I can't seem to find no peace when I lay asleep alone
So I don't sleep alone
I, I don't want to give this up
Can't give this up this easy
Cause girl, I need it And I, I don't want to give this up
Can't give this up this easy
Cause girl, I need it Cocaine to an empty vein, so I'm not able
I woke up to an empty glass on my table
This always seems to happen when I become my worst enemy
Save me from myself
Can someone help me?
Someone intervene Can someone call the prince to rescue me and take me home?
Can someone take me home?
I can't seem to find no peace when I lay asleep alone
So I don't sleep alone
And I, I don't want to give this up
Can't give this up this easy
Cause girl, I need it And I, I don't want to give this up
Can't give this up this easy
Cause girl, I need it You always idolize the fairytale despite what I have told you
So I'm always terrified every time you say that we need to be closer
And in the lonely nights, when I try to find someone to tide me over
That's when I realize, I should have quit the day she that it was over
But it's not over And I, I don't want to give this up
Can't give this up this easy
Cause girl, I need it And I, I don't want to give this up
Can't give this up this easy
Cause girl, I need it And I, I don't want to give this up
Can't give this up this easy
Cause girl, I need it

(You know I need it)And I, I don't want to give this up
Can't give this up this easy
(It's not this easy)
Cause girl, I need it
(You know I need it, girl I need it)Cause girl, I need it
(Girl I need it)
Girl I need it
