Miss U More Than U Know

Sofia Carson & R3HAB

Waking up alone is something I been getting used to
It's been a while since I could call you mine
I tell all my friends that I've been happier without you
But I still think about you all the timeYou ripped my heart out
Split me open
I kinda wish you knew
How much you put me through
You ripped my heart out
Think you broke it
Don't know if you'll ever see how much you hurt me
Yeah I know that I said you'd be easy to forget
But I know I'll never get you off my mind
And I know that I said that I'd wished we'd never met
But it's only cause you let me go
I miss you more than you know
I miss you more than you know
I miss you more than you know
I miss you more than you know
I miss you more than you knowWhen you packed up all your things I told you I was happy
But better off without you was a lie
I tell all my friends that I've been happier without you
But I still think about you all the timeYou ripped my heart out split me open
I kinda wish you knew
How much you put me through
You ripped my heart out
Think you broke it
Don't know if you'll ever see how much you hurt me
Yeah I know that I said you'd be easy to forget
But I know I'll never get you off my mind
And I know that I said that I'd wished we'd never met
But it's only cause you let me go
I miss you more than you know
I miss you more than you know
I miss you more than you know
I miss you more than you know
