

With You (feat. Kelela)

Kindness

Baby tell me your fantasy
Centre of it, the end it started
Forming [?]
Babe, oh we know
Starting forming Oh Tell me something I'm gonna try
I can't tell you something nice
You holding on to bite
I'm feeling low tonight
Oh baby
Tell me something I gonna try
I can't tell you something nice if you never told me twice, until you come in nice, over the bed
Oh no
Feels
Baby tell me your fantasy
Centre of it, the end it started
Forming [?]
Babe, oh we know
Starting forming Oh
