

ENERGY

Disclosure

What up, what up, what up, what up?
Alright, look, look, look, look, look
Just in case you ain't got it by nowListen to me, bring it inIf you are alive
I know you ain't reached your best yet
You got more, you could do more, you could see more
You could be more, alright?
Right nowYou should feel invincible, powerful
Strong, look
Where your focus goes, your energy flows
Are you hearin' me?
Now we gon' take it to another levelRight now!
You should feel invincible, powerful
Strong, look
Ah!A lot of you, you're not where you wanna be
You're thinking of negative stuff
You talkin' negativity
You in that negative zone
I need you to do me a favour
I need you to know that
In order for you to get to that next level
The one thing you need to do
To go where you've never gone before
Is to change the way you thinkWhere your focus goes, your energy flows
Are you hearin' me?
Right now!
You should feel invincible, powerful
Strong, look
Ah!
