The wavelength gently grows Coercive notions re-evolve A universe is trapped inside a tear! It resonates the core Creates unnatural laws Replaces love and happiness with fear! How much deception can you take? How many lies will you create? How much longer until you break? You mind's about to fall... And they're breaking through They're breaking through They're breaking through (We are losing control) They're breaking through They're breaking through And they are breaking through They are breaking through Now we're falling We are losing control Invisible to all The mind becomes a wall All of history deleted with one stroke! How much deception can you take? How many lies will you create? How much longer until you break? Your mind's about to fall...

Now we're falling
We are losing control
