

Slo-Mo-Tion

Marilyn Manson

You've got your
Hell's teeth
smiling at you.
It keeps your brain safe,
as it all eats at your face...
And don't worry,
we'll 'blur it out'
and no one
ever will know,
oh
no, oh oh oh
This is my beautiful show
and everything is shot
in slo-motion
This is my beautiful show
and everything is shot
in slo-motion
SLO-MO-TION
Pump in the laughter
of dead-audience applause
and TEENAGE RAPE candidates
I think we got ourselves
a 'real hit'
Don't we wish
that we could feel something
more than
hate and morbid panic
morbid panic
hate and morbid panic
This is my beautiful show
and everything is shot
in slo-motion
This is my beautiful show
and everything is shot
in slo-motion
SLO-MO-TION
I'm the host with Vaseline
I hide behind bulletproof glass
and I can feel your tits
with my brand new camera
(equipped with a flash)
fast-food-nude

I hate you all
but somehow
you find me...
incredibly charming
This is my beautiful show
and everything is shot
in slo-motion
(incredibly charming)
This is my beautiful show
and everything is shot
in slo-motion
SLO-MO-TION
(incredibly charming)
SLO-MO-TION
(incredibly charming)
This is my beautiful show
and everything is shot
in slo-motion
