

Silly Boy

The Blue Van

I might be wrong but I might be right
Anyhow I know I tried
I better leave, I better leave
I better stop I like her taste when it fills my soul
I'll tell you something I've never told anyone
Not anyone, not anyone Everyone's got a bleeding heart
I don't know where or when to start
I better bleed, I better bleed
I better stop
I better bleed, I better bleed
I better stop
Silly boys
You ran away
You're unemployed
You'd waste away
Silly boys
You ran away
You're unemployed
You'd waste away
Silly boys you run away to far
Remember this remember where you are Life is good
It's what I see that
Makes me want to disagree
I better leave, I better leave
I better not
You might be wrong cause you know I'm right
If you lose your way you just follow mine
I better leave, I better leave
I better stop
I better leave, I better leave
I better stop Silly boys
You ran away
You're unemployed
You'd waste away
Silly boys
You ran away
You're unemployed
You'd waste away
Silly boys
You run away too far
Remember where you are
