

# Baby Be Crazy

Brantley Gilbert

Because I am the onliest one  
(hmm hmm hmm)  
But now all at once I feel so lonely  
For someone like me  
(Someone like me) Right now I'm sorta feelin' downcy  
I'm just about the loneliest one  
(hmm hmm hmm hmm)  
And deep in my heart  
I'm sort of wishin'  
For someone like me  
(Someone like me)  
Somebody with springs and things  
Who laughs and sings and jumps every day  
Somebody who's fun, fun, fun  
Who loves to trounce and pounce  
And bounce the gloomies away  
(hoo-hoo)  
How I dream there is another  
A double or a triple of me  
(To keep him company)  
But since I'm awake I feel so lonely  
Because I know it can't be  
(It never can be) Bein' that I'm the one and onliest  
Someone... like me  
Someone like me
